___ global warming ___ problems ___ ice ___ forest fires ___ don't care ___ heavy rain

Conversation

Mika and Ken talk about a new anime. They discuss its story about climate change and its aim to inspire young people to care for the planet.

Mika: Did you see the new anime Future Kid Takara?

Ken: Yeah, it's about a boy and a scientist who travel through time to learn about _____.

Mika: Sounds interesting. Why did they make it?

Ken: They say a lot of young people are _____ to climate _____.

Mika: What happens in the story?

Ken: It shows _____ ice, _____, and _____ destroying forests.

Mika: That sounds serious. Does it give any hope?

Ken: Yes, the creators want to inspire people to protect the planet.
