Ben got 1,000 grapes. Half were green. Half were purple. He started his art on a big white sheet. Carefully, he placed each grape. Green grapes made the grass. Purple grapes made the building. He used both for the roof. It looked just like his school!

Everyone at school saw Ben's grape art. They all said, "Wow!" Ben felt happy and proud. His grape picture was amazing. Then, Ben did something nice. He shared the grapes with his classmates and teachers. Everyone ate the tasty grapes together. Ben smiled. His art was special and delicious!
