They followed the map to a big tree. They looked around and found a clue. The clue led them to the swings. There, they found another clue that led them to the sandbox.

In the sandbox, they found a key. They didn't know what the key was for, but they kept looking. They followed the map to the monkey bars. There, they found a chest. Kazuki used the key to open the chest. Inside, they found a note that said, "Congratulations! You found the treasure!"
