Story

Tammy was visiting a new city and wanted to see the famous art museum, but she got lost. She waved down a taxi and said, "To the art museum, please." The driver nodded and started driving.

After a few minutes, Tammy noticed they were going the wrong way. "This isn't right!" she said, checking her map. The driver looked confused and asked, "Do you know the way?" Tammy smiled and gave him directions. "Turn left at the next street, then go straight past the park."

Soon, they reached the museum. Tammy laughed as she paid the fare. "Maybe I should drive next time!" she joked. It was a ride she would always remember.
